Entrepreneurship program at Kananook Primary school

Building a culture of entrepreneurship is a key focus of the Frankston City Economic Development Strategy 2016–2022. Creating jobs of the future requires innovation and very specific skills. Whilst there is significant concentration at the business end of the entrepreneurship life-cycle, there is little early intervention embedded within the Victorian and Australian education systems.

Council recently partnered with Kananook Primary School in Seaford and co-working provider, Collective Campus, to deliver a pilot entrepreneurship program called ‘Lemonade Stand’ to year five and six students. Collective Campus, based in Queens Road Melbourne, has undertaken research on early-intervention entrepreneurship and concluded that secondary school is too late to attempt to plant the seeds for ideas generation and pursuing a career for yourself.

The Lemonade Stand program included training in the basics of business, identifying and pitching ideas, problem solving, building prototypes, marketing, delivering products and measuring success. Students were motivated to work together in small groups to formulate their ideas and present to the group. Using sketches and design thinking exercises to bring life to their ideas, the two day workshop was a stimulating learning experience that the students enjoyed.

One group came up with the concept of a wristband that helps to assist recycling and track and measure our waste consumption. Another idea was a Netflix type platform – where consumers pay a monthly subscription that can be used for video gamers.

The students were also shown how modern technology is advancing with a 3D printer in the classroom producing a lifelike figurine of a rabbit out of plastic.

Whilst the long-term outcomes of this pilot are unlikely to be known for many years, the ideas that students came up with were extremely impressive and challenged them to think outside the square.

- How do Schools and Parents get on the same page about the important stuff?
- How do we build a partnership around building fantastic young people for today and tomorrow?
- How can our Teachers AND Parents use the same strategies to manage behaviour, encourage responsibility and improve the chances of success?

They seem like outrageously big questions, don’t they? And they are... but they do have answers. Unfortunately, too often Parents and Schools are not on the same page when it comes to answering them. Your school wants to do something about that and has commenced a partnership with Real Schools to make it happen. But the school can’t do it alone. We need you to know everything involved and to have your say. That’s why we need you at this critical event in the history of your school and the future of your children.

During the session, we will; Tell you about the Restorative Practices Partnership that the school is embarking on, Ask for your input, Provide you with strategies to use immediately in your parenting, Learn how to respond, rather than react to your child’s behaviour, Share the best ways to build a meaningful Partnership with you school.

Election Day Barbeque a Great Success!

This Election Day turned out to be a brilliant fundraiser for Kananook Primary and was by far the most successful of the six election barbeques I have organised since becoming a parent at Kananook. We made a profit of nearly $1,500 which is 50% more than the previous most profitable Election Day - even though we had slightly less people coming to vote at our school, about 1566 people voted at KPS this year.

Of course this would not have been the case without the assistance of many parents in our community starting in the weeks before the actual event. These are some of the jobs necessary and the people who generously gave up their time to make the day a success.

The saddest job of all - slicing kilos and kilos of onions: Stef Fowler, Jan Sargent, Christina Trotter and Nina Davidov.

Delivering 1000 fliers to the local neighbourhood to encourage them to vote (and eat!) at our school: Kristy Hammond, Kai, Hayley, Jenny McCulloch, Ashleigh, Natalie, Nickie Fidge, Mayatili, Daniqua and Lily-Rose.

Plants - Frankston Indigenous Nursery donated many native plants in tubes so that I could pot them up for sale.

For baking yummy cakes, cookies and slices for the bake stall: Kristy Hammond, Nadine Needham, Nicole Simpson, Rebecca Gaiewski and Grace Brumbaugh.

Getting there early on the day to set up ready to go: Peter Thompson.

Cooking on the BBQ and / or serving our many customers on the day: Kristy Hammond, Darren Gow-Brown, Ben Needham, Nadine Needham, Phoebe, Nicole Simpson, Sarah Donegan, Bridgette Kelly, Jim Brumbaugh, Rebecca Gaiewski, Deborah Jennings, Nina Davidov, Yuliya Ryasnova, Melissa Mayweld, Justin Nagle, Jeany Frank, Vera Roberts, Adele Patterson, Jeremy Bugeja, Paul de Weerd, Glen McCulloch and Marcus King. Some these people also kindly stayed past their rostered time to ensure we weren’t short staffed.

Ongoing kitchen prep and general ‘go-for-ing’: Daniqua Thompson- Fidge and Grace Brumbaugh.

A huge thankyou to Trish Brumbaugh and Jenny McCulloch for assisting with the organisation and being there all day to ensure the smooth running of the barbeque!
