

Week 8 Home Learning

01 iMovie or presentation
about yourself

02 Stop Motion Story

03 Diorama of a Natural
Disaster

04 Rube Goldberg Machine

05 Design and build your
dream house

CHOOSE ONE PROJECT TO
WORK ON DURING THE WEEK

01 iMovie or presentation about yourself

What do you have to do?

For this project you can use iMovie or any other application to make a presentation all about you!

You can make it about your childhood and include pictures, music and storytelling.

Or you can simply make it a presentation about you and your family. We are really leaving it up to you how you want to do this.

Thank you Blake for the idea!

iMovie

TIPS FOR USING iMOVIE

Stopmotion Video Story

Here's a few Youtube clips about how to do a stop motion and some fun examples!

<https://www.youtube.com/watch?v=J3pzivXGMfI>

<https://www.youtube.com/watch?v=MEglOulvgSY>

<https://www.youtube.com/watch?v=3DFzjP6PbnU>

<https://www.youtube.com/watch?v=9NZ11Hh4LP4>

What do you have to do?

For this project you can use the Stop Motion or any other application to make your very own story! Do you remember doing this in STEAM last year?!

You can make it out of anything you, such as lego, play doh, items in your house, food, nature and much more.

You can include music and talking to help your story come to life. Be creative!!

03

Natural Disaster Diorama

What do you have to do?

Choose a natural disaster that you are interested in learning a little more about.

Find a box and design and create a diorama of your chosen disaster.

You can create this anyway you like!

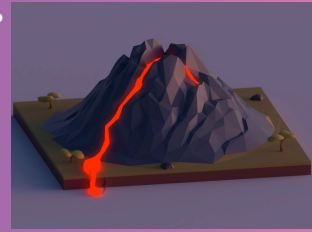

You can even include information on the outside of your box like we did last time we made dioramas at school.

Here are some examples of some natural disaster dioramas:

<https://www.youtube.com/watch?v=P7uMXeDJBX4>

<https://www.youtube.com/watch?v=ivygVtcjaX8>

<https://www.youtube.com/watch?v=tG2hjtMNAZk>

04 Rube Goldberg Machine

What do you have to do?

A **Rube Goldberg Machine** is a series of chain reactions that make a simple task difficult and humorous

You could be as creative as you like. Maybe start small and then get bigger and bigger as you go! don't forget to film it.

This might take more than one go to get it right. Be patient.

Here is an example:

Design your dream house

Here are some examples of some of building a house:

<https://www.youtube.com/watch?v=jyomgdy0XtU>

<https://www.youtube.com/watch?v=OBZo-lgtdUI>

<https://www.youtube.com/watch?v=IDzFeAGSKw4>

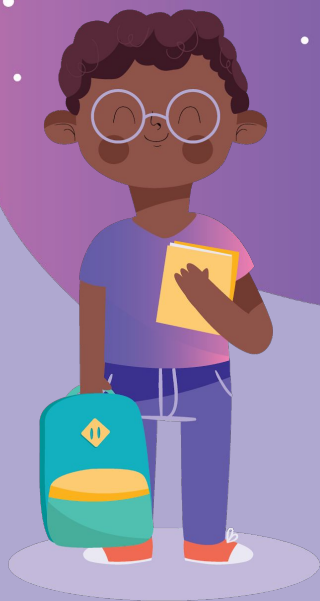

<https://www.youtube.com/watch?v=r42knG834rQ>

What do you have to do?

- For this project you can use any recycled materials to design and build your dream house, building or anything you wish!

You can make it out of anything... cardboard, sticks, lego or anything else!

You could even incorporate plans into your design.

Good Luck!
