

Child Safety Standards Risk Assessment Policy

Rationale:

Victorian Government schools have an important responsibility for keeping children safe. They need to **Assess, identify** and **document** the school's risks in relation to child safety, and plan and document risk management strategies where necessary. As part of its risk management strategy and practices, our school monitors and evaluates the effectiveness of the implementation of our risk controls. Each year our school provides appropriate guidance and training to individual school council members and school staff about:

- Individual and collective obligations and responsibilities for managing the risk of child abuse
- Child abuse risks in the school environment
- The schools current child safety standards

Implementation:

Kananook Primary School will adopt the following Process for identifying and reducing or removing risks of child abuse;

- Identify the school's child safety risks across the range of school environments (including excursions, camps, online) using the DET risk assessment template (Attachment A)
- Identify any existing risk mitigation measures or internal controls.
- Assess and rate the school's child safety risks given the existing controls in place, taking into account the likelihood of risk, and the likely consequence of the risk.
- If the risk rating is more than the 'acceptable level', identify further risk management strategies through additional controls or other prevention, detection or mitigation strategies and then re-assess the risk.
- The risk management process will be documented, recorded and reviewed periodically. Effective risk management strategies are dynamic and change over time as new risks arise and others may no longer be relevant.
- Effective risk management strategies need to be transparent, well understood and diverse, to take account of the increased level of risk associated with the specific nature of some activities and the vulnerability of particular groups.

Child Safety Standards: Risk Assessment

A key part of a risk management strategy is a risk assessment. Risk assessments can take many forms. Risk assessment resources form part of the [School Policy and Advisory Guide: Risk Management Policy](#)

| Risk Event or Environment | Existing Management strategies or internal controls | Likelihood | Consequence | Current risk assessment | New risk management controls or internal controls | Who is responsible? | Residual risk |
|--|--|------------|-------------|-------------------------|---|---|---------------|
| Inappropriate behaviour noticed by a school community member is not reported and addressed | Child Safety Code of Conduct Clear child safety reporting procedures in the Child Safety Standards Booklet | Possible | Severe | High | Strategies to embed organisational culture of child safety are reviewed Wider school community are informed of reporting obligations via school website, push out notifications, community forums and school council members | Principal School Council | Low |
| Recruitment of an appropriate person | WWCC or Victorian Institute of Teaching Registration Recruitment Policy | Unlikely | Major | Medium | Processes updated to require: Criminal history search Pre-employment reference check includes asking about child safety | Principal School Council | Low |
| Engagement with children online | Child safety code of conduct Anti-cyber Bullying Policy Strategies developed to embed culture of child safety | Possible | Moderate | medium | Train students and staff to detect inappropriate behaviour Ensure appropriate settings on all student technologies | Principal School Council | Low |
| Unknown people and environments at excursions and camps | Child safety code of conduct Camping and Excursions Policy Parent Volunteer Policy Strategies developed to embed culture of child safety Clear child safety reporting procedures | Unlikely | Moderate | Medium | Assessment of new or changed environments for child safety risks Ensure Code and strategies apply in all school contexts | Principal Camp Co-ordinators Excursion Leaders | Low |
| Ad-hoc contractors on the premises (eg maintenance) | Child safe environments Information and awareness for visitors, staff, volunteers and contractors (Visitors to School Policy) Adequate monitoring WWCC Onsite Supervision Policy | Unlikely | Moderate | Medium | Refresher training for frequent contractors Update periodically the Visitors to School Policy Ensure related policies are up dated | Principal School Council | Low |

| | | | | | | | |
|---|---|----------|----------|--------|--|------------------------------|-----|
| School/Community Event | Child Safe Environment Policy Visitors to School Policy Adequate monitoring Onsite Supervision Policy | Unlikely | Moderate | Medium | Teacher responsible for group of children Adults to use the adults only toilets. Supervising adults to monitor the toilets Adults spaced around the school All visitors to register at the office Educate children regarding safety | Principal School Council | Low |
| Interschool Event | Child Safe environments Policy Information and awareness for visitors, staff, volunteers and contractors Adequate monitoring | Unlikely | Moderate | Medium | Teacher responsible for group of children Adults to use the adults only toilets Supervising adults to monitor the toilets Adults spaced around the school All visitors to register at the office Educate children regarding child safety | Principal School Council | Low |
| Unquestioning trust of long term employees and contractors or norms | Strategies developed to embed culture of child safety Clear child safety reporting procedures Yearly refresher training for staff- see eLearning mandatory reporting module | Unlikely | Minor | Low | VIT is checked annually and logged at the office | Principal School council | Low |
| Multiple Entry Points to the school | Signage Child proof gate directing visitors to the office | Possible | Moderate | Medium | Bunong Road gate is locked and limited entry to the school (2 gates) during 9:15 and 3:15. | Principal, School council | Low |
| Unknown people on School grounds | Child safe environments information and awareness for visitors, staff, volunteers and contractors Adequate monitoring Sign in procedures | Possible | Moderate | Medium | Refresher training for frequent contractors Check signage Visitors to wear badges | Principal School Council | Low |
