

## **UNIFORM POLICY**

The following dress code states the expectations Kananook Primary School Council holds with regard to student appearance.

This code will apply **during school hours, while travelling to and from school and when students are engaged in out of school activities. This includes out of school hours special events.**

The Kananook student dress code takes precedence over a student's individual preference in matters of dress.

In developing this code, opportunities for the viewpoints of parents and teachers have been made available through, staff meetings, newsletter notices, and PTF and Council meetings.

### **Why do we have a Dress Code?**

1. To create a sense of collective and individual pride in Kananook students and their identification with our school.
2. To assist in individual student safety and group security when travelling to and from school and on school excursions.
3. To promote active and safe participation in school life.

### **Will the dress code discriminate against students?**

The Kananook Dress Code neither discriminates directly or indirectly against students on the basis of their sex, race, ethnic group, nationality, religious beliefs, colour, disability or socio-economic circumstances.

The dress code will apply uniformly across all students except for the exemptions listed below.

### **What are the exemptions from the Dress Code?**

#### **(i) Grounds for seeking an exemption:**

Exemption from the Dress Code may be sought if:

- an aspect of the Code offends a religious belief held by the student and/or parents.
- an aspect of the Code prevents the student from complying with a requirement of his or her ethnic or cultural background
- an aspect of the Code prevents students with disabilities from being able to attend school or participate in school activities on the same terms as other students
- a student has a particular health condition that requires an aspect of the Code to be departed from.
- the student or the parents can demonstrate temporary economic hardship that prevents them from complying with the Code.
- after due consideration of any other particular circumstances as demonstrated by the students or parents.

#### **(ii) Procedures for seeking an exemption:**

- Requests for exemption are to be made to the School Principal/School Council in writing. Strict confidentiality will be observed with regard to the reasons given by parents to substantiate their request for exemption.

**(iii) Procedures for granting an exemption:**

- The Principal will determine whether an exemption can be granted by referring to the grounds for exemption outlined above.
- The Principal will provide a summary report of applications for exemption at the following School Council meeting.
- The Principal shall keep a written record of the decision on the applications in case the decision is questioned subsequently.

**What support is available for families?**

Second hand uniforms will be available to families who may have difficulty meeting the cost of uniform items at the discretion of the Principal. Parents wishing to access this service should speak to the Principal or Assistant Principal in confidence.

Parents are encouraged to donate second hand items in good condition to the school for this purpose. In the event of unavailability of second hand items the Principal or Assistant Principal will seek assistance from the State Schools' Relief Committee.

**What will happen if a student is not in uniform or if their uniform is deemed not to be clean, neat or appropriately fitting.**

The following steps will be taken if the Uniform Policy is breached:

- Step 1:
- a) If students are out of uniform they will be provided with appropriate pieces, where possible, to replace the out of uniform item.
  - b) If students are wearing extra items of clothing or inappropriate pieces they will be asked to remove them, and collect them from their teacher at 3:30pm.
- Step 2:
- a) If a student continues to be out of uniform, they will be given appropriate items to wear for the day (if they are available). This uniform will be returned at 3:30pm and a phone call to their parent/carer will be made to discuss the situation.
  - b) If students continue with non-compliance by wearing extra items, the school will confiscate these and parent/carers will be asked to collect the confiscated items from the school.
- Step 3:
- a) If the Uniform Policy continues to be breached a subsequent phone call will be made to the parent/carer offering further information on second hand uniform sales and State School Relief assistance.

Step 4. a) Ongoing breaches of the policy will result in a phone call being made by the Principal who will endeavour to arrange a meeting to offer further support.

*NB: If parents cannot be contacted by phone a note explaining the situation may be sent home.*

Only those students in school uniform will be able to represent the school in the community for activities such as excursions or inter-school sport etc. Children will **not** be withdrawn from classroom instruction because they are out of uniform.

### **What equity and safety issues are important?**
